AMENDMENT B

Sir:

In response to the Office Action dated March 13, 2003, made final, kindly enter the following amendments to the Claims, and consider the accompanying remarks. A clean version of the replacement Abstract and each amended claim with entry instructions are provided in Attachment 1. In what follows, underlined matter indicates addition, while bracketed language is to be deleted.

IN THE CLAIMS: / / /

Please amend claims 1, 15 and 20 as follows:

1(Twice Amended). A method for increasing absorption of light radiation incident on a surface of a photo responsive device which comprises the step of forming a grating on the surface of said photo responsive device upon which the light is incident such that higher grating orders are generated within said photo responsive device and a [majority] greater amount of the incident light entering said photo responsive device propagates [obliquely] more closely to the surface upon which the light is incident than is achieved by a refractive surface, thereby
